

NEW LGS GROUP SALES ENGINEER IS TECHNICALLY HELPFUL

ELKHART, INDIANA – April 16, 2018

LGS Group is proud to announce the hiring of Derek Thompson as Sales Engineer.

Thompson brings 14 years of experience in engineering and product design for major bus and RV manufacturers including Glaval and Monaco Coach. His previous work included designing electrical systems and improving product and program processes.

As Sales Engineer, Thompson will work with customers to ensure technical requirements are being met and to assist in implementing InterMotive products into the customers' production process. His expertise in the RV industry will help LGS Group and InterMotive Vehicle Controls develop more RV products and grow that business segment.

"We are fortunate to add such a skilled engineer to our team," says Greg Schafer, Executive Vice President of LGS Group. "Derek's vast knowledge of applications in the transportation, automotive and RV industries will help enhance our understanding of customers' challenges and ability to offer solutions."
