

InterMotive Ups Its Game with New Operations Director

AUBURN, CALIFORNIA – July 12, 2018

InterMotive Vehicle Controls is pleased to announce that Tracy Weatherfield has joined the company as Director of Operations. Weatherfield will provide infrastructure development and manufacturing solutions to keep up with surging product demand and company growth.

Weatherfield is a seasoned executive with over 20 years in senior operations and technical management roles for high-tech assembly and distribution. Prior to joining InterMotive, Weatherfield held leading positions at many OEM and contract manufacturers.

“We needed an expert to head our manufacturing team,” says Greg Schafer, President of InterMotive. “Tracy will play a key role in integrating new technologies to our production processes to meet the growing demand of our customers.”

#
